## **DETAILED ACTION**

### ***Specification***

The disclosure is objected to because of the following informalities: on page 4 line 23 two different parts are indicated as number 24. The pivot should be 23.

Appropriate correction is required.

### ***Election/Restrictions***

Claims 5-7, 11-16 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 12/8/04. The remarks have been considered. The extra burden would be in part that a search for the other locks would greatly increase the search area. Fig 12 has been included with the elected embodiment.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4, 8-10 are rejected under 35 U.S.C. 102(b) as being anticipated by Yang. The working piece is denoted 20, 21.

Claims 1, 3, 8, 10 are rejected under 35 U.S.C. 102(b) as being anticipated by Yu. The working piece is denoted 22.
